

THE BISCUIT BROTHERS STARTED MORE THAN A BAKERY!

When they started making biscuits in Waterford in 1851, little did William and Robert Jacob think that one day their enterprise would be producing one million biscuits per hour!

Today, that's the output at Jacob's modern factory at Tallaght – one of the most advanced in Europe.

But Jacob's have built more than a great tradition and a great building. By their sustained growth over the years . . . by constantly investing heavily in Ireland . . . by employing the latest marketing techniques . . . and by insisting on the highest quality standards – you could say they have also helped build the Ireland of today.

Chairmans Address

You are very welcome to our musical offering for this year. "Fiddler on the Roof". We are delighted to have Mr. Arthur McGauran directing and also playing Tevye, a part which he has made his own down over the years. We also extend a big welcome back to two of our old friends, Greg Currid (M.D.) and Leo O'Kennedy (Choreographer).

This year our Orchestra has been sponsored by 9 of our business friends in a "Sponsor A Musician" programme that we've just introduced. May I take this opportunity to express the Society's thanks to all those businesses - Flogas, Howard Collins, Robt. Roberts, Larry Mulvany, The Blue Light, Dundrum Shopping Centre, O'Neill Marbleworks, Hardwicke Developments and Fox's Pub. We are extremely grateful for all their help, and hope, as with all our sponsors and advertisers, that they can be assured of your support at all times. A big thanks also to A.I.B. Stillorgan for their sponsorship.

In an effort to make G.M. & D.S. a bigger part of the community, we have started a Patrons Scheme for the first time (which you can read about elsewhere in this programme) and again we are very grateful to all our patrons, and hope they enjoy their special night.

I wish you all a very pleasant and entertaining evening.

BACKGROUND TO THE STORY

For a thirty year period from 1881 Jews living in the Russian Empire were subjected to a merciless series of pogroms. This religious intolerance culminated in the slaughter of some 300 Jews in Odessa in 1905, thousands of others being injured. Although considered social outcasts, they were still required to carry out military service and there were 40,000 Jews in the Czarist armies.

Faced with eviction and butchery, they sought refuge in western Europe but particularly across the Atlantic. In the period from 1880 to 1925, the Jewish population of the United States grew from 280,000 to over four and a half million. Many of these set out seeking the American Dream with nothing but a bundle of clothes, turning their backs for ever on the "Anetevkas" that had been home.
